

6,9 MALADETA

Ref: C432690020

The Maladeta

The Maladeta is a high-performance twin rope with a diameter of 6.9 mm. Weighing just 35gr/m, you'll always have one in your backpack. Available in five lengths, it is a versatile rope both for the glacier climber who wants to cross glacial terrain safely and for the Himalayan climber looking for the lightest rope possible. Its Fusion construction provides extra security for overcoming sharp rocks and ridges. We recommend this rope for lovers of lightness, when every gram counts, as well as for mountaineers, mountain skiers and those who trek through alpine terrain.

Located within the limits of Posets-Maladeta Natural Park, Maladeta Peak (3,312 metres) was once considered the highest in the Pyrenees. It is one of the largest mountains in the range and the classic ascent to its summit goes through a corridor and the crest of its southern slope. The ascent to the top of Maladeta can be done at any time of the year. It is a highly popular activity for mountain skiers and mountaineers in winter, while collectors of peaks over 3,000 metres set out to conquer its summit in summer.

Technology

- Diameter: 6.9 mm
- Standardisation: twin
- Full Dry treatment: Water-repellent treatment on the sheath and core. Totally waterproofs the rope. Provides resistance to oil, grease and water. Extends the rope's lifespan. UIAA water repellent standard.
- Endurance construction: It favours sliding and extends the rope's lifespan. Braided with 32 threads.
- Fusion: Prevents sheath slippage. The rope's performance is extended by the firm union of the sheath and the core.

Finishes:

- Middle Mark: indicates the middle of the rope.
- 8 Mark: marking system that indicates that there are 8 meters left to reach the end of the rope.
- Reflector: reflective indicator at both ends of the rope.
- Ultrasonic cut: stiffens the rope ends and protects them from wear.

Lengths available: 20, 30, 40, 50 and 60 metres

Colours available: Yellow and Red

Manufactured in: Sant Quirze de Besora (Barcelona – Pyrenees)

Technical information

N Falls: 13

Weight: 35g/m

Impact force: 6.9KN

Slippage: 0 mm

Dynamic Elong.: 32%

Static Elong.: 10%

Sheath: 42%

Packaging info

Vegetal Base INK

27% Recycled material

100% Recyclable material

4% Synthetic (40% recycled)

Información técnica:

Brand:	Fixe
Country of origin:	Barcelona - Pyrenees (Spain)
Color:	Yellow
Material:	Polyamide
Format:	Bag
Middle Mark:	Yes
Treatment:	Full Dry
Impact Force:	6,9kN
Sheat Slipage:	0,0mm
Type of Sheat:	Endurance
Type of Rope:	Twin
Configurator:	No
Fusion:	Yes
8m mark:	Yes
Reflector:	Yes
Ultrasonic finish:	Yes
Size long:	20m
Diameter:	6,9mm
