

ARAMID CORD 6 MM

Ref: C810600006

Aramid Cord 6 mm Black 6 m

The aramid cord with an aramid core and polyamide sheath. Compared to other fibers, it has better cut and abrasion resistance. Additionally, it offers high tensile strength. Its highly specialized core material provides excellent resistance to exposure to high temperatures.

The Fixe cord offers a wide range of applications in climbing. Whether for extending intermediate securing points, for building securing systems and hoisting systems. Especially, because the material has excellent knotting properties and high resistance to heat and cutting.

Available in two color variants for better differentiation of multiple lines in parallel.

Specifications

- Diameter: 6 mm
- Length: 6 m
- Strength: 11 kN
- Color: Black
- Weight: 163 g
- Treatment: Nature
- Construction: Endurance
- Material: Polyamide, Aramid
- Manufactured in: Sant Quirze de Besora (Barcelona - Pyrenees)

Packaging Information

Kraft material and recyclable cardboard.

The rigid caps of the balloons are made with recycled polyamide.

Información técnica:

Country of origin:	Catalan Countries
Color:	100% Black
Material:	Polyamide, Aramid
Middle Mark:	No
Treatment:	Nature
Type of Sheat:	Endurance
Type of Rope:	Auxiliary
Breaking Strenght:	11kN
Configurator:	No
Size long:	6 m
Diameter:	6mm
