

ARAMID CORD 6 MM

Ref: C810600100

Black Aramid Cord 6 mm 100 m

The aramid cord with an aramid core and polyamide sheath. Compared to other fibers, it offers better resistance to cutting and abrasion. Additionally, it provides high tensile strength. Its highly specialized core material offers excellent resistance to exposure to high temperatures.

Fixe s cord offers a wide range of applications in climbing. Whether for extending intermediate protections, for building belay systems, or for hoisting systems. Especially because the material has excellent wrapping properties and, with high resistance to heat and cutting.

Available in two color variants for better differentiation of multiple lines in parallel.

Features

- Diameter: 6 mm
- Length: 100 m
- Strength: 11 kN
- Color: Black
- Weight: 27.3 g/m
- Treatment: Nature
- Construction: Endurance
- Material: Polyamide, Aramid
- Made in: Sant Quirze de Besora (Barcelona - Pyrenees)

Packaging Information

Kraft material and recyclable cardboard.

The rigid covers of the balloons are made with recycled polyamide.

Información técnica:

Country of origin:	Catalan Countries
Color:	100% Black
Material:	Polyamide, Aramid
Middle Mark:	No
Treatment:	Nature
Type of Sheat:	Endurance
Type of Rope:	Auxiliary
Breaking Strenght:	11kN
Configurator:	No
Size long:	100 m
Diameter:	6mm
