

ARAMID CORD 6 MM

Ref: C810601065

Aramid Cord Red 6 mm 65 m

The aramid cord with an aramid core and polyamide sheath. Compared to other fibers, it offers better cut resistance and abrasion resistance. Additionally, it provides high tensile strength. Its highly specialized core material offers excellent resistance to exposure to high temperatures.

Fixe s cord offers a wide range of applications in climbing. Whether it s for extending intermediate protections, for building belay systems and rigging systems. Mostly because the material has excellent knotting properties and, with high heat and cut resistance.

Available in two color variants for better differentiation of multiple lines in parallel.
